**Ennallin**  
NATURAL VANILLIN

**Ennolys**

LESAFFRE FINE BIOTECHNOLOGIES

Are you looking for a vanilla note  
with a “natural flavoring” label ?

**Ennallin**  
NATURAL VANILLIN

Ennolys has the solution with Ennallin,  
our **natural vanillin**.

The **natural Vanillin** from Ennolys, obtained by **fermentation** from ferulic acid, is characterized by a vanilla note ideal for use in **the food industry**.

Ennallin takes the form of white crystals with an intense and unique **organoleptic profile**.

- Are you looking for a way to reduce fat and sugar while maintaining a great taste ?

**Ennallin**  
SOLUTIONS & MIXES

Ennolys recommends our **Ennallin Mixes**

Responding to specific needs in the industry, Ennolys has developed different mixes using our **natural vanillin** to create the range of **Ennallin Solutions and Mixes**. This new range offers solutions to reinforce a **buttery note** and increase the **perception of sweetness**.

Test our new range which combines an **intensity of taste** and naturalness, while permitting "natural flavor" on the label.

**Ennallin  
Mix**

To increase the perception of sweetness

**Ennallin  
Butter Mix**

To reinforce the buttery note
